

## YOGI THEMED PARTIES

Are you planning a birthday party for your little one? Have you run out of ideas and themes for the party? How about a Yogi themed party? We organize birthday events and parties at private homes, restaurants and gyms.

Kids' yoga parties are unique and are designed to make the kids feel pampered and the parents relaxed! The parties, ranging from 90 minutes to 2 hours, feature 45 minutes of yoga, games and face painting. We also offer live music and yogi care bags.

The birthday child will choose a favorite theme; like surfing, camping and favorite songs, or simply choose from the available themes we provide.

We make your birthday child and friends feel great and have lots of fun!
